

KAHN PLAN FOR SETTLING DEBTS COOLY RECEIVED

Members of Debt Funding
Body Say Proposal Not Feasible Under Law.

(Continued From Page One.)

Loeb & Co. banking firm, said "the frequency of his advice for cancellation of foreign debts in whole or in part . . . and the publicity attending his efforts to that end, suggest a propaganda attempt to embarrass the commission and to mislead foreign governments as to the sentiment in this country on the subject."

"Possibly testimony before our committee (the house ways and means) that over \$4,000,000,000 in foreign securities are held largely by international bankers, including Kuhn, Loeb & Co., Mr. Frear continued, "may be a factor in constant appeals for cancellation of the government's debt. No payment of these foreign debts to New York international bankers or to their customers can be expected until the government's prior lien of approximately \$11,000,000,000 has been provided for. Mr. Kuhn's foreign debt private holdings are not proposed by him for cancellation, nor does he suggest that foreign governments should relinquish their treaty land acquisitions as an incident for the cancellation of their debts."

SEARCHERS FIND BODY OF MEMBER OF MISSING TUG

(Continued From Page One.)

Black charges against him and ask removal of his commission," he said. "If any company should be found guilty of violation of the federal law, the information will be placed in the hands of the United States attorney and indictment asked for." Although, no official notice of the sinking of the Cornell has been received by him, Capt. Gould said there was no doubt that the craft was lost. He said the tug was in good shape as far as he knew and the boilers were apparently sound.

No ice cakes large enough to cause serious damage could have been encountered by the tug. All the missing members of the crew lived in Cleveland. They are Captain Edward Kimmel, Harry Brault, Engineers William Gerison and William Nantell and Firemen Thomas Hewitt, Charles Christ, John Selders and Paytoysh.

Police Arrest Three Young Girls, Two on Bad Charges

Three young girls were arrested by local police last night, one of whom was charged with being a runaway while the other two were charged with soliciting.

Helen Gorkin, 18 years old, Lagorner, and Treva Niswander, 18, of Elkhart, were arrested shortly after 7 o'clock at Michigan st. and Washington st. by Officer McCormick, where their conduct was said to have been indecorous.

The two young girls, whom police said were of the moderate happy type, are said to have been in the habit of soliciting male companions and retreating to their room in a small downtown hotel. The Niswander girl, small for her age, informed the police that she is married and that her husband is now serving a term in jail.

Cameron McNutt, 14 years old, of Chicago, was arrested at the New York Central station at 8 o'clock by Officers Kish and Jennings, charged with running away from home.

The time prints an interesting character sketch of Mr. Baldwin, giving the emphasis on his simple and modest nature, "hiding beneath a placid exterior a highly sensitive personality and a highly trained and equipped mind." He is a very typical Englishman, simple and quiet in his tastes, direct in his address and possessing broad and scintillating wit.

Five arrests were made yesterday afternoon and last night by local police on charges of automobile law violations. All were cited to appear in the city court today.

Albert Wadsworth, 21, Mich. was arrested at 5 o'clock yesterday afternoon by Officers DeVos and Parker, charged with parking in front of a fire hydrant in the 109 block, N. Main st.

Alva E. Colp, 21, Port Wayne was arrested at 5:45 o'clock at Franklin and South sts. by Officer Northrup, charged with having no card or container.

Philip Lynch, 307 Hamdon st., David Newkirk, 311 W. LaSalle st. and Fred E. Moss, 109 Cushing st. were arrested in the 199 block S. Michigan st. by Sgt. Decker and Officer Wilson, charged with violating the city parking ordinance.

JAILS LANDLORD WHO DIDN'T HEAT HOMES

NEW YORK, Dec. 26.—(By A. P.)—A landlord with failure to warm the homes of his 72 tenant families, 200 S. 4th st., owner of four East Side apartment houses, today was sentenced to the Tombs for 60 days when he was unable to pay a \$500 fine imposed by Magistrate George W. Simpson. The magistrate refused to entertain the landlord's plea that he had been unable to pay coal.

"It is apparent," he said, "that this defendant did nothing but wait until winter was upon us. It is not enough for a landlord to say he has not got coal now. The question is did he make any effort when he first learned there was going to be a coal shortage? The evidence indicates this landlord gave no thought whatever to these tenants."

**Zealous Dry Agent Is

S.)—Shot through the head and back, the body of Charles "Dixie" Blinn, prohibition enforcement agent, was found early today in a dark thoroughfare in the heart of Stubenville. The shooting is attributed to Blinn's enforcement activity. His life has been threatened a score of times, police say.

YESTERDAY'S EVENTS IN WASHINGTON

Neither the senate nor house was in session.

The semi-weekly meeting of the cabinet was devoted mainly to discussion of the effects of the tariff law.

Chief Justice Taft announced that senior circuit judges would meet here Thursday to discuss means of relieving docket congestion in the federal courts.

Administration leaders in the senate were reported opposed to the McKellic shipping bill amendments which call for the abrogation of commercial treaties discriminating against the United States.

SHANK SENTENCED TO REFORMATORY

Plea of Youthful Robber of
Filling Station for Leniency
Denied by Oare.

Following an unsuccessful plea for leniency by friends of his from Edwardsburg, Mich., William Shank was sentenced to serve from two to 14 years at the Indiana reformatory and fined \$100 by Judge Lemm J. Oare in superior court No. 2 Tuesday.

He admitted twice robbing the Gaff Oil Co. filling station at Lafayette and Division sts., early this month.

After getting nicely acquainted with the attendant at the station, Shank, while the company's representative was outside, put \$35 from the cash till into a small bucket and threw it out the window of the station, returning for it, he said.

Not many days after that he entered the rear window of the filling station, opened the safe and took \$65, evidence showed.

**County in Debt
OVER 2 MILLIONS**

Major Portion Is for Bond Issue for County Unit Highway, Auditors Report.

St. Joseph county's present indebtedness is \$2,228,700, according to a statement filed by E. P. Egan and G. A. Hutchins of the state board of accounts with the county commissioners Tuesday in their report on their recent review of County Auditor Clarence Sedwick's books.

Of this amount a bond issue of \$1,398,000 for county unit roads in 1921 and another road bond issue of \$315,700 in 1920, forms the great bulk of the county's indebtedness.

An item of interest shown in the report and which is not thought to be commonly known in the county is the fact that the courthouse was entirely freed of incumbrance in 1921 by the payment of \$17,000.

No errors were found on Sedwick's records, the auditor reported.

Armenian population without the slightest pretext.

"We deeply regret that mutual distrust still exists between the Turks and the Armenians," he continued, "and that nothing is being done by Turkey to diminish the gravity of the situation. It is impossible for us to consider as a solution that the refugee Armenians who are in foreign countries should return to Turkey, as some suggest."

Bulgarians Present Request.
It was only by the creation of an Armenian home that the Armenian problem would be solved, he insisted.

The Bulgarians requested that 150,000 Bulgarians who had fled from oriental Thrace should be permitted to return to that country, which had become Turkish territory and said they were ready to accept the same treatment as Turkish citizens.
